Outline of the Thesis

Part I: Introduction

CHAPTER 1: INTRODUCTION This chapter presents an overview of the thesis and its purpose. Furthermore, it will discuss the sense of life in a very general approach.

CHAPTER 2: RELATED WORK Related Work

CHAPTER 3: PROBLEM DEFINITION Problem Definition

Part II: Theoretical Background

CHAPTER 1: CLASSIFICATION METHODS CHAPTER 2: TEXT REPRESENTATION CHAPTER 3: ENSEMBLE LEARNING

Part III: Experiments

CHAPTER 1: EXPERIMENTS CHAPTER 2: RESULTS

Part IV: Conclusion

CHAPTER 1: CONCLUSION

Part I.

Introduction

1. Introduction

Here starts the thesis with an introduction. Please use nice latex and bibtex entries [?]. Do not spend time on formating your thesis, but on its content.

1.1. Latex Introduction

There is no need for a latex introduction since there is plenty of literature out there.

2. Related Work

Related Work goes here

3. Problem Definition

Define the problem here

Part II.

Theoretical Background

4. Classification Methods

Describe the classification methods here

5. Text Representation

Text Representation

6. Ensemble Learning

Describe Ensemble Learning here

Part III.

Experiments

7. Experiments

Experiment settings, dataset, system built, approach, and everything practical goes here

8. Results

Results

Part IV.

Conclusion

9. Conclusion

Conclude
